

ECOMSAAS

SERVICE PLATFORM

i As an integral part of the ECOMESURE connected systems, EcomSaaS is a service package based on a web platform www.i-comesure.com in SaaS mode which considerably simplifies sensor control and data processing, thus achieving significant savings.

EcomSaaS in conjunction with :

Ecombox
A universal box connecting a variety of measurement instruments to the web platform.

Ecomzen, Ecomsmart, Ecomlite
Stations connected to the web platform offering a range of parameters to measure air quality.

+ BÉNÉFICES

- + Manage all sensors and data live on a single platform
- + Common solution for all the Ecomesure connected systems
- + Accessible 24/7 from any terminal connected to the internet
- + Secure transfer, storage and access to the data (SSL protocol)
- + Easy connection to other servers and platforms by FTP or API
- + Intuitive and easy to use
- + Scalable solutions

+ APPLICATIONS

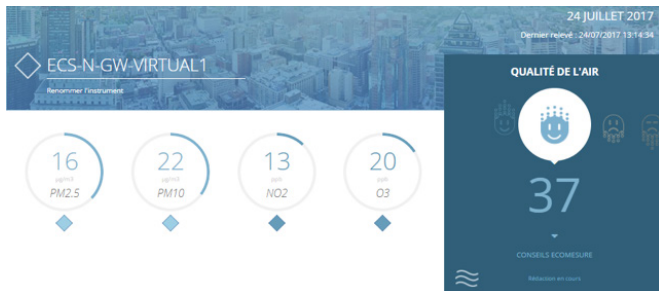

- + **Environmental monitoring** : Air, water, noise, electromagnetic waves, meteorology, radioactivity, etc.
- + **Smart Factories** : Industrial process control, metering, servo systems, traceability etc.
- + **Smart Grid** : Resources management, energy consumption management, waste treatment, water treatment, etc.
- + **Smart Building** : Technical building management
- + **Smart Cities** : Consolidation of urban data

ECOMSAAS

Interface

Index interface

Air quality monitoring with Ecomzen, Ecomsmart and Ecomlite

Scientific interface

Control of all types of environmental and operational data sensors

Two formulas

1 - Annual subscriptions

Packages <i>depending on the type of use</i>	STARTER	MANAGER	EXPERT
User support	✓	✓	✓
Mapping	✓	✓	✓
Data real time display	✓	✓	✓
Multi-display mode (index and scientific)	✓	✓	✓
Device status	✓	✓	✓
Device remote control		✓	✓
Data storage ¹		✓	✓
Data downloading (directly or FTP transfer)		✓	✓
Alerts/alarms by SMS and E-mail ²		✓	✓
Operating and data analysis reports		✓	✓
Virtual Integrated Devices (VID)			✓
Data ciphering			✓
API link			✓
Data base export			✓

2 - MOD «Measurement On Demand» *no binding commitment*

(1) Last 12 months of data available
(2) Limited to 3 E-mail addresses and 3 mobile phone numbers, 1 email/hour, 1 SMS/day
